

M60 4G Phone

| | |
|-----------------------------------|--|
| Wireless access technology | TD-LTE/TD-SCDMA(HSUPA,HSDPA)/GGE(GSM/GPRS/EGPRS) |
| | GGE : 900/1800MHz |
| Frequency band | TD-SCDMA : Band 34: 2010~2025MHz Band 39: 1880~1920MHz |
| TD-LTE | Band 40/38/ 39/41 |
| FDD | Band 1/3/5/8 |
| | TD-LTE : Version R9, Supports dual stream beamforming Cat4: DL: 150Mbps UL: 50Mbps |
| Wireless access capability | Bandwidth 10, 15, 20 MHz, 2X2 DL SU-MIMO TD-SCDMA: HSDPA: Category15, Supports the maximum downlink rate 2.8Mbps HSUPA: Category6, Supports maximum uplink rate 2.2M bps Follow the R4 version and domestic standards, and introduce R9 multimode interoperability features |
| GGE | GPRS Class12 The maximum transmission rate is 85.6kbit/s EDGE Class12 The maximum transmission rate is 236.8kbit/s |
| WIFI system | Wi-Fi 2.4GHz (2.4~2.4835 Ghz) Supports 802.11b/g/n, 2x2 Antennas |
| SIM / USIM | SIM card and USIM card support SIM/USIM card with two different voltages of 1.8V and 3V |
| Size | 116*142*29mm |

Technical specifications

| | |
|-------------------------|--|
| Wireless | |
| access | TD-LTE/FDD/WCDMA/TD-SCDMA/GGE(GSM/GPRS/EGPRS) |
| technology | |
| Frequency band | GSM : 850/900/1800/1900 TD-SCDMA : Band 34/39 WCDMA : Band 1/2/5/8 |
| TD-LTE FDD | Band 40/38/ 39/41 Band 1/3/5/8 |
| Status | Supports displaying detailed 4G network information, including network quality, signal strength information, etc. |
| Display Phone | |
| function | Support voice dialing, support SMS, support address book |
| Software | Support lock frequency band, lock cell and lock physical cell, lock lock card and machine card interlock; support encryption card |
| Battery Power | 2000MAh, 7.4V li-ion |
| supply Data | DC 2.0(15V,1A) |
| interface | 1 data interface, support WiFi |
| Voice | CSFB/VOIP/VOLTE, Handle + handsfree |
| Button | Numeric keys + navigation keys + shortcut keys + function keys; support for shortcut keys, including some WIFI setting shortcut keys, etc. |
| Antenna | 4G internal antenna, gain \geq 3dbi |
| performance | |
| WIFI | Wi-Fi: 2.4GHz(2.4~2.4835 GHz) support 802.11b/g/n, 300Mbps |
| SIM / USIM | SIM card and USIM card support SIM/USIM card with two different voltages of 1.8V and 3V |
| Display | 2.4 inch 128*64 monochrome display |
| screen | |
| Dialing function | Supports manual dialing, automatic dialing, PPPOE dialing, etc. |
